## We're starting our 5G mobile rollout

We're powered by Spark's network, which means 5G Mobile will be coming to towns across New Zealand over the next little while! We're starting off small, and testing the waters, before we take the network nationwide.

## What is 5G?

5G is the fifth generation of wireless technology, and we're starting to roll it out across New Zealand. 5G has the potential to bring super-fast downloads, minimal latency, massive connectivity and outstanding reliability, which will open up huge possibilities for the way we live.

## The Rollout.

We've started our rollout of the 5G Mobile network in Palmerston North. Keep an eye out as we activate new places over the coming months, we'll be updating our [Coverage](#) Map as we go.
